Our experience with Dana during our recent home search and purchase was first class all the way.

We were living in South Carolina but looking for a home in the Northeast Georgia mountains. Working with Dana was easy. Because we had limited time here, she rearranged her schedule to maximize our time. We did not find a home during that visit...the house market was very aggressive. So after we went back to SC, Dana communicated homes she found then went and visited them for us...developing a short list for our next house hunting trip. She also connected us directly to other realtors outside her area to expand our search. And then found us the perfect place! She drove the offer process and stayed active and diligent, helping us through a difficult mortgage experience by staying in direct contact with our lender.

And now...here we are...retired in heaven! Thank you, Dana!!

Dana was referred to us by trusted friends that had listed with her in the recent past. Even after such a referral, we were still amazed at the level of her promptness and professionalism! Dana's knowledge, honesty, and naturally pleasant personality are abundantly clear from day one. We are still amazed that within 12 hours on the market offers above asking price were coming in and within 48 hours our home was under contract! We are happy to absolutely recommend Dana!

Dana worked through many search experiences over six months to help us find a second home that was perfect for us. We made five offers, some accepted, some rejected but she was efficient through each deal. Besides being a good person, friendly and kind, she is knowledgeable in all aspects of real estate rules, methods and procedures. Very ethical and always full of energy. She never gave up on us. She stuck with us and got us through some disappointments and failures. Her diligence finally got us to the house we were meant to own. However, she was never negative over our failed choices and encouraged us to keep going. If she wasn't my real estate agent I would hire her for a motivational counselor. She has been a blessing to us!

Dana, is the best realtor we have ever had, she had our best interest from the first house to the last..She went out of her way to take care of us. Dana was very responsive to all of our texts, phone calls, and e-mails. She is a fantastic negotiator and got the prices where we needed them to be. She was a great help with giving us contacts for financing, insurance and inspectors. She is very organized and stays right on top of all the dates and things that need to be done in a timely manner. If we couldn't get to it, she went out of her way and did it for us. I will recommend Dana O'Donoghue to every person I know that is even thinking about buying or selling.

My husband and I have worked with many realtors over the years. Dana is top ranked in our book! Purchasing a property out of state can be difficult and complicated. Dana made it easy and enjoyable for us. She was more than generous with her time and worked hard to make sure we found our dream home in the mountains. We highly recommend Dana and hope to send other clients her way!

Dana is the consummate professional. She has every base covered. Dana is accessible and always makes time to deal with the matters that need attention. She is extremely knowledgeable of the geographic area she operates within. If Dana does not know the answer to a question, very rare, she will diligently find it. Aside from being a top shelf professional she is an extremely nice person and I'm glad I got to know her. I would recommend Dana without hesitation to anyone.

Dana O'Donoghue is the hardest working agent we have ever used. The effort she put forth in selling our home was beyond our expectations. Always quick to respond to any questions we had and kept us in the loop at all times. Will use her in all our future real estate transactions.

ONE OF THE BEST!!!! Dana should definitely be your choice when choosing a realtor to buy/sell or act as dual agent for your property!! I listed my 6 unit apartment complex in Blue Ridge, GA on Zillow for sale by owner in March 2018. Dana called me a few days after listing and said she had a buyer. After 5 months, we ended up closing on the property. During the process, Dana was extremely responsive and did everything she said she would do. She was extremely professional but at the same time we were able to laugh and joke around while on the phone during our many conversations. Dana made me feel comfortable and gained my trust quickly, which for me was the most important thing. The deal became more complex than what I thought it would be and Dana stuck by both my side and her buyer's side the whole time. Most would think it is impossible to look out for the interest of both parties, but Dana definitely accomplished that feat! Not to mention, I never had to come to GA from PA during the 5 month time frame.

Dana was there for me during the whole process of selling my home. She kept me in the loop with excellent communication skills, helped me through the ups and downs of selling, and was a joy to work with. Her name was given to me through a friend and I can't say enough how thankful I am that I chose her. If you need a house sold do not hesitate to call her. I give her a 10+.

Dana is one of the best real estate agents that we ever had. She is a very hard worker and goes above and beyond to sell your home and help you on the purchase of your new home. That is exactly what she did for us. Sold our home and helped us to purchase the home of our dreams. She is there to help you every step of the way. She is quick to follow up and no question is a dumb question. She is also a very positive and upbeat lady. In our opinion she is the best. If you are thinking of buying or selling a home give Dana a call. You will be very happy with your results.

Dana exceeded our expectations in all areas of our search for the perfect cabin in the North Georgia mountains. She is extremely knowledgeable about the area and on top of listings and inventory as soon as they hit the market. It took us a while to find exactly what we were looking for but she was patient and understanding. Above all she is an excellent communicator and made the process from offer to contract to close seamless and stress free! I wouldn't hesitate to recommend her to others.
